#### AN ORDINANCE OF THE COUNTY OF BUTTE

# ADDING ARTICLE I, ENTITLED "MEDICAL MARIJUANA CULTIVATION," OF CHAPTER 34A, ENTITLED "MEDICAL MARIJUANA CULTIVATION,"

## OF THE BUTTE COUNTY CODE

The Board of Supervisors of the County of Butte ordains as follows:

Section 1. Chapter 34A is added to the Butte County Code as follows:

# CHAPTER 34A MEDICAL MARIJUANA CULTIVATION REGULATION

- 34A-1 Authority and Title. Pursuant to the authority granted by Article XI, section 7 of the California Constitution, Health and Safety Code sections 11362.83 and 11362.768(f), Government Code section 25845, the Board of Supervisors does enact this Chapter, which shall be known and may be cited as the "Butte County Medical Marijuana Cultivation Ordinance."
- 34A-2 Findings and Purpose.
- In 1996, the voters of the State of California approved (a) Proposition 215 (codified as California Health and Safety Code section 11362.5, and entitled "The Compassionate Use Act of 1996").
- The intent of Proposition 215 was to enable persons who (b) are in need of marijuana for medical purposes to use it without

fear of criminal prosecution under limited, specified circumstances. The Proposition further provides that "nothing in this section shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or to condone the diversion of marijuana for non-medical purposes." The ballot arguments supporting Proposition 215 expressly acknowledged that "Proposition 215 does not allow unlimited quantities of marijuana to be grown anywhere."

- (c) In 2004, the Legislature enacted Senate Bill 420 (codified as California Health and Safety Code sections 11362.7 et seq.) to clarify the scope of Proposition 215, and to provide qualifying patients and primary caregivers who collectively or cooperatively cultivate marijuana for medical purposes with a limited defense to certain specified State criminal statutes.
- (d) Health and Safety Code section 11362.83 expressly allows
  Cities and Counties to adopt and enforce ordinances that are
  consistent with Senate Bill 420.
- (e) The Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq., classifies marijuana as a Schedule I Drug, which is defined as a drug or other substance that has a high potential for abuse, that has no currently accepted medical use in treatment in the United States, and that has not been accepted as safe for use under medical supervision. The Federal Controlled Substances Act makes it unlawful, under federal law, for any person to cultivate, manufacture, distribute or

dispense, or possess with intent to manufacture, distribute or dispense, marijuana. The Federal Controlled Substances Act contains no exemption for the cultivation, manufacture, distribution, dispensation, or possession of marijuana for medical purposes.

- The County's geographic and climatic conditions, which (f) include dense forested receiving substantial areas precipitation, along with the sparse population in many areas of the County, provide conditions that are favorable to outdoor marijuana cultivation. Outdoor marijuana growers can achieve a high per-plant yield because of the County's favorable growing conditions. The federal Drug Enforcement Administration reports that various types of marijuana plants under various planting conditions may yield averages of 236 grams, or about one-half pound, to 846 grams, or nearly two pounds. Based on Butte County Sheriff's seizures, yields in Butte County have tended to be beyond this range with three to four pounds of dried "bud" per plant being common. The "street value" of a single cannabis plant is substantial. Pound prices for domestically produced high-grade cannabis sold illegally within Northern California can range between \$1,500 to \$3,000. A single marijuana plant cultivated within the County can thus easily yield \$4,000 or more in salable marijuana.
- (g) Proposition 215 and Senate Bill 420 primarily address the criminal law, providing qualifying patients and primary

caregivers with limited immunity from state criminal prosecution under certain identified statutes. Neither Proposition 215 nor nor the Attorney General's August Senate Bill 420, 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use adopted pursuant to Senate Bill 420, provides comprehensive civil regulation of premises used for marijuana cultivation. The unregulated cultivation of marijuana in the unincorporated area of Butte County can adversely affect the health, safety, and well-being of the County, its residents and environment. Comprehensive civil regulation of premises used for marijuana cultivation is proper and necessary to avoid the risks activity, degradation of criminal of the natural environment, malodorous smells, and indoor electrical fire hazards that may result from unregulated marijuana cultivation, and that are especially significant if the amount of marijuana cultivated on a single premises is not regulated and substantial amounts of marijuana are thereby allowed to be concentrated in one place.

(h) Cultivation of marijuana at locations or premises within one thousand (1,000) feet of schools, school bus stops, school evacuation sites, churches, parks, child care centers, or youth-oriented facilities creates unique risks that the marijuana plants may be observed by juveniles, and therefore be especially vulnerable to theft or recreational consumption by juveniles. Further, the potential for criminal activities associated with

marijuana cultivation in such locations poses heightened risks that juveniles will be involved or endangered, therefore, cultivation of any amount of marijuana in such locations or premises is especially hazardous to public safety and welfare, and to the protection of children and the person(s) cultivating the marijuana plants.

(i) Public meetings regarding this ordinance were well-attended by hundreds of Butte County residents. Many residents who live on smaller parcels in more densely populated areas indicated that during the marijuana cultivation season, the overpowering unpleasant smell of marijuana resulted in their inability to use their yards and required them to keep windows and doors shut in the stifling summer heat. Residents stated that they could not invite friends to their home to visit, barbecue outdoors or even allow their children to play in the backyard. Other residents indicated that the use of a swamp cooler during the summer months would actually result in the stench of marijuana being sucked into the residence. Adults and children with respiratory problems were particularly affected. Residents reported that in residential backyards results marijuana grown in an invitation to criminal activity for persons who would steal marijuana plants out of backyards. Some marijuana growers would live in a tent in their backyard, carrying firearms and to protect their utilizing guard dogs marijuana plants. Residents reported they were uncomfortable allowing their

children to play outside in their neighborhood due to such dangerous activity. Cultivators of medical marijuana stated that they would not grow medical marijuana at their own residence to protect their children. For this reason, the growth of medical marijuana on smaller parcels is especially dangerous to the community, particularly children. For the public safety and welfare, and to protect children, this ordinance prohibits the cultivation of marijuana on parcels smaller than one half (0.5) of an acre.

- (j) As recognized by the Attorney General's August 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use, the cultivation or other concentration of marijuana in any location or premises without adequate security increases the risk that surrounding homes or businesses may be negatively impacted by nuisance activity such as loitering or The Butte County District Attorney's Office crime. indicated that seven of fifteen homicides in the County last year involved drivers with marijuana in their system and four of the seven victims were killed by alleged marijuana traffickers. The Butte County Sheriff's Office has indicated that over 150 calls for service in the past year have involved marijuana, including assaults and an attempted homicide.
- (k) It is the purpose and intent of this Chapter to implement State law by providing a means for regulating the cultivation of medical marijuana in a manner that is consistent with State law

and which balances the needs of medical patients and their caregivers and promotes the health, safety, and welfare of the residents and businesses within the unincorporated territory of the County of Butte. This Chapter is intended to be consistent with Proposition 215 and Senate Bill 420, and towards that end, intended prohibit persons from not to individually, collectively, or cooperatively exercising any right otherwise granted by State law. Rather, the intent and purpose of this Chapter is to establish reasonable regulations upon the manner in which marijuana may be cultivated, including restrictions on the amount of marijuana that may be individually, collectively, or cooperatively cultivated in any location or premises, in order to protect the public health, safety, welfare and environment in Butte County.

- (1) The limited right of qualified patients and their primary caregivers under State law to cultivate marijuana plants for medical purposes does not confer the right to create or maintain a public nuisance. By adopting the regulations contained in this Chapter, the County will achieve a significant reduction in the aforementioned harms caused or threatened by the unregulated cultivation of marijuana in the unincorporated area of Butte County.
- (m) Nothing in this Chapter shall be construed to allow the use of marijuana for non-medical purposes, or allow any activity relating to the cultivation, distribution, or consumption of

marijuana that is otherwise illegal under State or federal law.

property should not be found to be a public nuisance and abated pursuant to the Butte County Code Chapter 34A. The Department of Development Services has determined that conditions exist on the above property which constitute a public nuisance and violate Butte County Code section(s) \_\_\_\_\_, as follows: \_\_\_\_\_. After hearing, if a violation is found to exist, the cost of abating such violation, including, but not limited to, the cost of the Hearing Officer, the cost of prior time and expenses associated with bringing the matter to hearing, attorneys' fees, the cost associated with any appeals from the decision of the Hearing Officer, the cost of judicially abating the violation, the cost of labor and material necessary to physically abate the violation, and the cost of securing expert and other witnesses may become a lien against the subject property and may also be assessed against the property in the same manner as taxes. If an abatement lien is recorded, it will have the same force and effect as an abstract of judgment which is recorded as a money judgment obtained in a court of law. If you fail to appear at the hearing or if you fail to raise any defense or assert any relevant point at the time of hearing, the County will assert, in later judicial

proceedings to enforce an order of abatement, that you have waived all rights to assert such defenses or such points.

In preparing for such hearing, you should be aware that if an initial showing is made by the County, sufficient to persuade the Hearing Officer that a public nuisance exists on your property, you will then have the burden of proving that no public nuisance exists on your property. Therefore, you should be prepared to introduce oral and documentary evidence proving why, in your opinion, your use of the property is not a public nuisance as defined in this Chapter. A copy of the Butte County Code Chapter 34A relating to Medical Marijuana Cultivation nuisance abatement hearings is enclosed to assist you in the preparation of your presentation.

If an initial showing sufficient to persuade the Hearing Officer that a public nuisance exists on your property is made by the Code Enforcement Officer, your failure to sustain the burden of showing that no public nuisance exists on the property may result in an administrative decision ordering the abatement of uses or conditions on your property which are found to be a public nuisance and may also result in a later judicial order to the same effect.

1

2

Further, if the Hearing Officer finds that a public nuisance exists on your property and you fail to abate the nuisance promptly, the County may abate the nuisance. If the County abates the nuisance, you may be responsible for the actual costs of the abatement, including the costs to the County of the administrative hearing and attorneys' fees, and such costs may be specially assessed against your parcel by the Auditor-Controller's Office and added to the your tax bill as a special assessment. Such special assessments have the same priority, for collection purposes, as other county taxes and, if not paid, may result in a forced sale of your property. You are also hereby notified that the County will seek recovery of attorneys' fees incurred in any abatement hearing and that attorneys' fees may be recovered by the prevailing party.

Finally, if the Hearing Officer finds that a public nuisance exists on your property, a violation of the Butte County Code Chapter 34A, the County will contend that you are bound by such finding at any subsequent judicial action to enforce the Hearing Officer's order.

- (b) The Code Enforcement Officer shall have the sole and exclusive discretion to set the amount of civil penalties within the ranges set forth in this Section. The Code Enforcement Officer shall not impose a penalty greater than the minimum

## 34A-17 Summary Abatement.

Notwithstanding any other provision of this Chapter, when any unlawful marijuana cultivation constitutes an immediate threat to the public health or safety, and where the procedures set forth in sections 34A-11 through 34A-15 would not result in abatement of that nuisance within a short enough time period to avoid that threat, the enforcing officer may direct any officer or employee of the County to summarily abate the nuisance. The enforcing officer shall make reasonable efforts to notify the

persons identified in Section 34A-12 but the formal notice and hearing procedures set forth in this Chapter shall not apply. No summary abatement shall occur prior to consultation with the Office of County Counsel. The County may nevertheless recover its costs for abating that nuisance in the manner set forth in Sections 34A-12.

# 34A-18 No Duty to Enforce.

Nothing in this Chapter shall be construed as imposing on the enforcing officer or the County of Butte any duty to issue a Notice to Abate Unlawful Marijuana Cultivation, nor to abate any unlawful marijuana cultivation, nor to take any other action with regard to any unlawful marijuana cultivation, and neither the enforcing officer nor the County shall be held liable for failure to issue an order to abate any unlawful marijuana cultivation, nor for failure to abate any unlawful marijuana cultivation, nor for failure to take any other action with regard to any unlawful marijuana cultivation.

## 34A-19 Use of Money Collected Under This Chapter.

In addition to the foregoing general exemptions, the following categorical exemptions apply: Sections (actions taken as authorized by local ordinance to assure protection of the environment) and 15321 (action by agency for general rule, standard or objective enforcement of a law, administered or adopted by the agency, including by direct referral to the County Counsel as appropriate for judicial enforcement).
